## **DETAILED ACTION**

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert Jacobson on 10/15/04.

The application has been amended as follows:

Claims 36 and 38 have been amended to include:

"c) wherein said entrance is adjustable in size depending upon a type of insect to be to be trapped, and --wherein the entrance includes a flap foldable between a relatively closed position and a relatively open position whereby a size of the entrance may be adjusted--; "

### ***Allowable Subject Matter***

1. Claims 15-17, 20, 21, 25, 27, 32, 33, 35, 36, 38, 43-46, 49, 50 are allowed. The following is an examiner's statement of reasons for allowance: The prior art of record, including the previously cited art of Webinger, Lin, Alvarez, and Kare do not disclose the combination of features including a paper or plastic cup which is inserted into a base with a cover including a key and keyhole; or that the base includes a leg; or that there is a network of lines within the cup; or further that the aforementioned key must be flexed

to be inserted into the keyhole. The prior art of record further does not disclose that the transmission of light is controlled by a dark color in the entrance and that another portion of the trap transmits light.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
